

Rhenium is happy to invite you to the
Leica Confocal and Widefield Microscopy Convention
 Tel Aviv University - Sackler Faculty of Medicine
 26-28.11.2013

27.11.2013 | 9:00-17:00

Zeevi auditorium Beit Hatfutsot

Plenary Session

Keynote Speakers:

Mr. Paolo Sapuppo

- TCS SP8_X – Looking forward to your discoveries

Dr. Bettina Griesshaber

- G STED – Opening the gate to Super-Resolution
- CARS – Label free imaging

Prof. Ilan Tsarfati

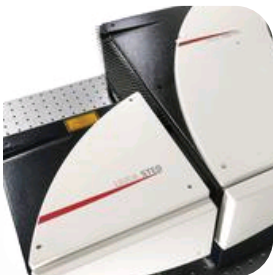

- High Resolution Molecular Imaging as a Tool for Understanding Cell Motility and Metastasis

Dr. Jen Peter Gabriel

- A New Dimension in Localization Microscopy: 3D Super-Resolution with GSDIM
- Live-Cell Imaging Using Widefield Microscopy

Dr. Renaud Renault

- Emergent design of neuronal devices

26,28.11.2013 | 9:00-18:00

Sackler Cellular & Molecular Imaging Center

Microscopy Workshop

- Leica TCS SP8 – Confocal Microscope
- Leica TCS SP5 STED – Super-resolution Confocal Microscope
- Leica DMI6000 B – Research Fluorescent Microscope

Please RSVP: katia@rhenium.co.il
